

Section 1135 Waiver COVID-19 State/Territory Request Template

Introduction

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 *et seq.*), and consistent with section 1135 of the Social Security Act (Act). On the same day, pursuant to section 1135 of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act to mitigate the consequences of the COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Daylight Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and waivers will no longer be available, upon termination of the public health emergency, including any extensions.

The following list includes some of the temporary flexibilities available to CMS under section 1135 of the Act. Please check the box on the flexibilities that the state/territory is requesting. Please include any additional flexibilities that the state/territory is requesting under the section 1135 waiver authority under “Number 6 – Other Section 1135 Waiver Flexibilities”.

- Allow managed care enrollees to proceed almost immediately to a state fair hearing without having a managed care plan resolve the appeal first by permitting the state to modify the timeline for managed care plans to resolve appeals to one day so the impacted appeals satisfy the exhaustion requirements
- Give enrollees more than 120 days (if a managed care appeal) or more than 90 days (if an eligibility for fee-for-service appeal) to request a state fair hearing by permitting extensions of the deadline for filing those appeals by a set number of days (e.g., an additional 120 days)

4) Provider Enrollment

- Waive payment of application fee to temporarily enroll a provider
- Waive criminal background checks associated with temporarily enrolling providers

- Waive requirements that physicians and other health care professionals be licensed in the state in which they are providing services, so long as they have equivalent licensing in another state
- Waive conditions of participation or conditions for coverage for existing providers for facilities for providing services in alternative settings, including using an unlicensed facility, if the provider's licensed facility has been evacuated

5) Reporting and Oversight

- Modify deadlines for OASIS and Minimum Data Set (MDS) assessments and transmission

HCBS Settings Requirements for Specified Settings

EOHHS requests a waiver to temporarily allow services provided under the 1915(c) HCBS waiver program to be provided in settings that have not been determined to meet the home and community-based settings criteria.

This waiver request applies to settings that have been added since the March 17, 2014, effective date of the HCBS final regulation (CMS 2249-F/2296-F), to which the HCBS settings criteria currently applies, to accommodate circumstances in which an individual requires relocation to an alternative setting to ensure the continuation of needed home and community-based services.
