

Convenient. Accessible. Comprehensive.

Oral health is critical to an individual's overall health and wellness.

CareLink Mobile Dentistry, provides convenient, accessible and comprehensive dental care in long-term residential communities. Any resident who wishes to enroll is welcome. Scheduling appointments and dental insurance billing is managed by our staff. Together we make seeing the dentist easier for everyone.

The mouth is the window to one's overall health.

CareLink Mobile Dentistry provides onsite care utilizing state of the art equipment.

Our highly regarded team consists of dentists, dental hygienists, and dental assistants who provide diagnostic, preventative & palliative services including (but not limited to):

- Comprehensive oral evaluations
- Two periodic examinations per calendar year
- Limited (problem focused) and emergency examinations
- X-ray and diagnostic imaging services
- Two cleanings (prophylaxis) per calendar year
- New denture fittings, relines and repairs
- Fillings

Emergency consultation is available with most concerns addressed within 24 hours.

CareLink Mobile Dentistry is available to residents of participating facilities. CareLink Mobile Dentistry accepts Medicaid, private pay and works closely with most private insurers.
