

Integration of Care and Financing for Medicaid-Only and Medicare and Medicaid Eligible (MME)

RI Executive Office of Health and Human Services

Update to Global Waiver Task Force

July 23, 2012

Vision

- The State of Rhode Island will have an Integrated Health Care System for all Medicaid-only and MME members that will achieve improved health and well-being, better healthcare and lower costs.

Mission

- To transform the delivery system through purchasing person-centered, comprehensive, coordinated, quality health care and support services that promote and enhance the ability of Medicaid-only and MME members to maintain a high quality of life and live independently in the community.

The Problems to be Addressed

- Inadequate person-centered care coordination
- Lack of focus on primary and preventive care
- Long Term Services and Supports/Behavioral Health coordinated separately
- Fragmentation of benefits coverage leads to confusion and inefficiencies
- Cost shifting (Hospital and Nursing Facility)

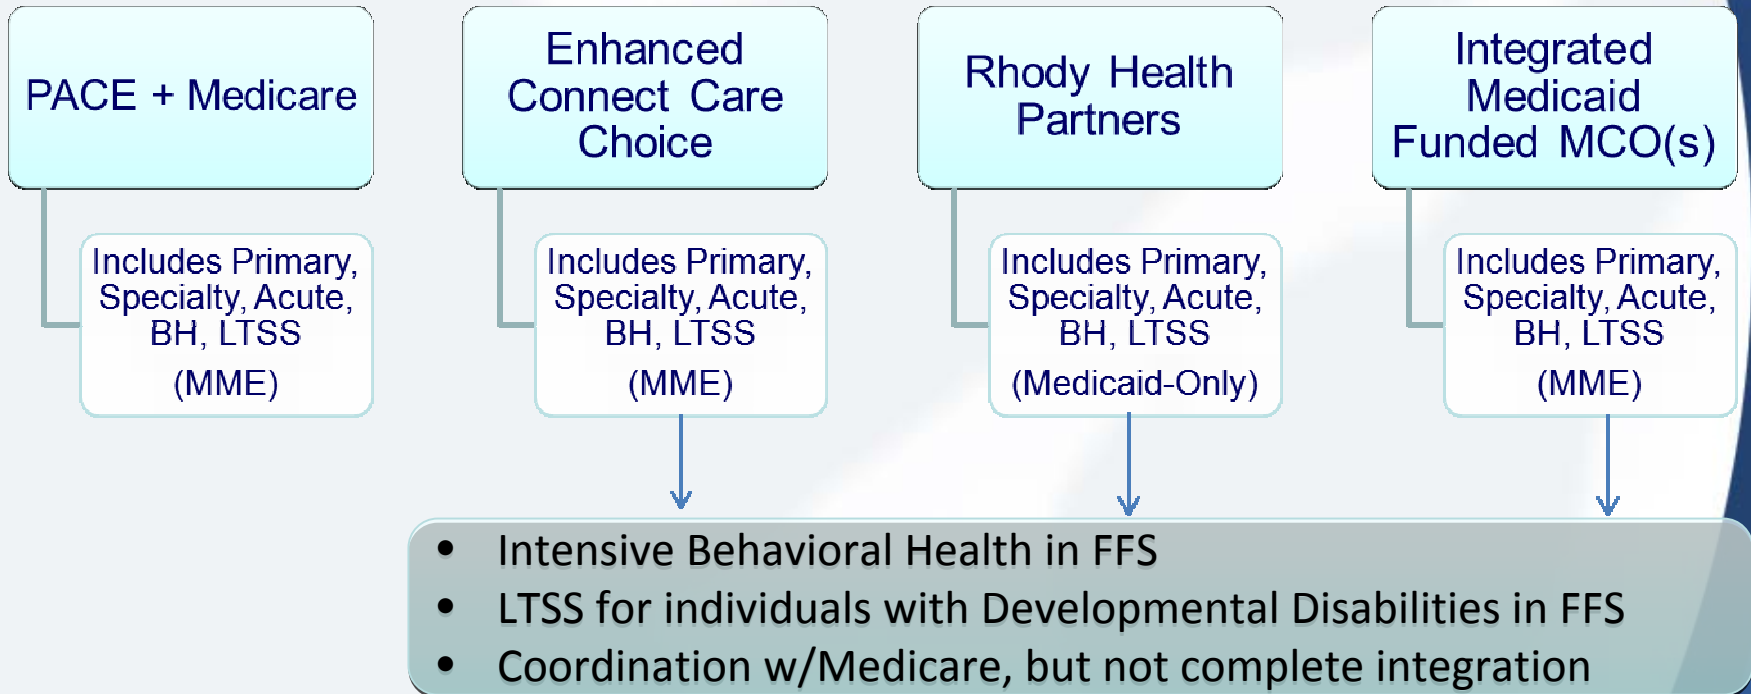

What are we trying to achieve?

- Improve the integration and coordination of:
 - primary
 - specialty
 - hospital /acute
 - behavioral and
 - long term services and supports
- Address the fragmentations in coverage between the Medicare and Medicaid programs
- Ensure alignment of incentives for the development of a more person-centered system of care with quality outcomes

Stakeholder Workgroup Series

A blue stethoscope is positioned in the top right corner of the slide, partially overlapping the dark blue header and the white content area.

- From **July 9, 2012 – August 10, 2012**, the RI Executive Office of Health and Human Services (EOHHS)/Medicaid Program will be offering a series of workgroup meetings in stakeholder input.
- This process is meant to provide recommendations to advise our development of a procurement document for purchase of an Enhanced Connect Care Choice PCCM and Integrated Medicaid Funded Managed Care Organization (MCO) contract.

Stakeholder Workgroup Series

- Each workgroup will cover topics selected as imperative to the planning, development, implementation, and monitoring of these initiatives.
- Each workgroup meeting will be co-facilitated by topic experts from the community as well as an EOHHS representative.
- The topic areas are as follows:
 - Outreach and Information
 - Services and Supports
 - Oversight, Evaluation, and Continuous Improvement
