*Valued Provider:*

*We are now including all items in the release notes. They may or may not apply to your configuration. In reviewing the notes below, please refer to the "prerequisites" line which indicates the required functionality, product, or audience associated with the item.*

*If the functionality is not automatically available, please contact your Sales Representative or Customer Care for additional information.*

**Billing**..... 2

**Reports** ..... 2

**Interface**..... 2

---

## BILLING

---

**1. BILLING SCRIPT ROLLUP SERVICE BY DAY - VILLAGE UPDATED.**

Updated the Rollup Service by Day - Village billing script to rollup same day services correctly on invoices. This billing script is used by agencies that need to rollup services that include holiday modifiers on invoices.

**Prerequisite:** None

---

## REPORTS

---

**2. GL EXPORT PROGRESS DISPLAY.**

When running the GL Export process, a message 'GL file preview/export is in progress and will take some time to process. Please wait...' displays to indicate the report is generating.

**Prerequisite:** General Ledger Functionality

**3. AUTHORIZATION SUMMARY REPORT UPDATE.**

The Authorization Summary report now displays data in the **Event Code** column when an event code value exists in client authorization record.

**Prerequisite:** None

---

## INTERFACE

---

**4. UNMAPPED PLAN OF CARE TASKS.**

When imported from the VNS third party interface, a Plan of Care that includes a task ID not mapped in the agency's database now imports successfully. All mapped tasks will load, and the unmapped task are ignored.

**Prerequisite:** VNSNY Third Party Interface
