

As an example, a member discharges to the hospital on 2/10/21 and returns to the same nursing facility after a 10-day inpatient stay. Claims for the month of February 2021 should be submitted as follows:

- Submit a nursing home bill type (263, 253, 210) based on their skill level for 2/1/21-2/10/21 with a revenue code of 0100 and patient status of 02, (Discharged/Transferred to another short-term General Hospital).
- For the member's return to the same nursing facility (absent 30 days or less), submit a nursing home bill type based on their skill level for 2/19/21-2/28/21 with revenue code 0160.

The claim for 2/19/21-2/28/21 will not deny with EOB 633 - Gap in Billed Days with the new claims processing logic in place if:

- There is a discharge status of 02 on the nursing home claim that was submitted prior to the inpatient hospital stay
- The nursing home claim that is submitted are for dates of service immediately following the discharge from the hospital and is submitted with a revenue code of 0160
- The member's admission is back to the same facility where they were discharged from prior to the hospital admission.
- The hospital stay was 30 days or less
