

Dear Provider:

Sandata is pleased to announce the release of version 6.9.26 of the Santrax® Agency and Payor Management systems.

We are now including all items in the release notes. They may or may not apply to your configuration. In reviewing the notes attached, please refer to the "prerequisites" line which indicates the required functionality, product, or audience associated with the item. If the functionality is not automatically available, please contact your Sales Representative or Customer Care for additional information.

Maintenance Information

Sandata will deploy this update to the system on Thursday, May 24, 2018 at 9:30 PM Eastern Time (ET). The maintenance will take 3 (three) hours, ending at 12:30 AM ET on Friday, May 25, 2018.

During this time:

- The system will be unavailable.
- Field Staff who call in and call out, should continue to call in and call out.
- Field Staff, using Mobile Visit Verification (MVV) on a mobile device, will be able to log in or out using the device. As an alternative, field staff should call in and call out using the assigned backup telephony toll free numbers.
- Calls will continue to be collected, but they will not be sent to the agency databases until the maintenance is complete.
- There will be no alerts sent during the time the system is down. Alerts will function normally once the maintenance is complete.

Release Notes

Release Notes will be available next week.
