Score for Behavior/Function over past 7 days

Client Name ___________________________________________ Date ______________

Medical Assistance Number_________________________________ Agency __________________________

Agency NPI ____________________________________________ RN Signature __________________________

Section B: Cognitive Patterns

1. Memory
   Short Term Memory appears OK - Seems to recall after 5 minutes.
   0- Memory OK  1- Memory Problem

2. Cognitive Skills for Daily Decision Making
   How well the client made decisions about organizing the day (e.g. when to get up or have meals, which clothes to wear)
   0- Independent – decisions consistently reasonable
   1- Modified Independence – some difficulty in new situations
   2- Moderately Impaired – decisions poor, cues/supervision needed
   3- Severely Impaired – never/rarely makes decisions

3. Indicators of Delirium
   a. Sudden or new onset/change in mental function (including ability to pay attention, awareness of surroundings, coherency)
      0- No  1- Yes
   b. In the last 90 days, client has become disoriented or agitated such that his/her safety is endangered or client requires protection by others.
      0- No  1- Yes

TOTAL COGNITIVE (B1, 2 and 3) ____________

Section E: Mood and Behavior Patterns

1. Indicators of depression, anxiety, sad mood
   Indicators observed in the last 30 days regardless of cause.
   0 Indicator not exhibited in the last 30 days
   1 Indicator exhibited up to 5 times each week
   2 Indicator of this type exhibited daily (6 or more times weekly)
   a. A feeling of sadness or being depressed, that life is not worth living, that nothing matters, that he/she is of no use to anyone or would rather be dead.
   b. Persistent anger with self or others – e.g. easily annoyed, anger at care received.
   c. Expressions of what seem to be unrealistic fears (of being abandoned, etc.)
   d. Repetitive health complaints – e.g. obsessive concern w/ body functions, health
   e. Repetitive, anxious complaints/concerns – e.g. persistently seeks attention/reassurance regarding schedules, meals, relationships
   f. Sad, pained, worried facial expressions – e.g. furrowed brow
   g. Recurrent crying/tearfulness
   h. Withdrawal from activities of interest
   i. Reduced social interaction

TOTAL MOOD (E1, a-i) ______________

Behavior Patterns

2. Behavioral Symptoms
   Exhibited in the past seven days
   0 Did not occur in the past seven days
   1 Occurred, easily altered
   2 Occurred, not easily altered
   a. Wandering (moved with no rational purpose)
   b. Verbally Abusive Behavior (threatened, cursed at others)
   c. Physically Abusive Behavior (to self or others)
   d. Socially Inappropriate/Disruptive Behavior (smears, throws body feces, screams, disrobing in public)
   e. Aggressive Resistance of Care (Threw meds, pushed caregiver, etc.)

3. Changes in Behavior
   Behavioral symptoms have become worse over the past 30 days.
   0- No  1- Yes

TOTAL BEHAVIOR (E 2, 3) ______
Minimum Data Set (MDS) for Home Care

Client Name_________________________________

Section H: Physical Functioning
1. Activities of Daily Living (ADLs) (Consider all instances over past seven days)

   0 Independent – No help or oversight, OR help/oversight provided only 1 or 2 times over past week
   1 Supervision – Oversight or cueing provided 3 or more times, possible physical assistance less than 3 times
   2 Limited Assistance – Client highly involved in activity, received physical help in guided maneuvering of limbs or other non-weight bearing assistance 3 or more times.
   3 Extensive Assistance – Client participated, but weight bearing support OR full assistance given three or more times
   4 Total Dependence – Full performance of activity by another over entire seven days
   5 Activity did not occur over entire seven days regardless of ability

   a. Mobility in Bed Moving to and from lying position, turning and positioning body in bed
   b. Transfer To and between surfaces – bed, chair, standing position (excluding bathroom transfers)
   c. Locomotion in Home If in wheelchair, self-sufficiency once in chair
   d. Dressing Includes laying out clothes, retrieving from closet, putting on and taking off
   e. Eating Include taking in food by any method including tube-feeding
   f. Toileting Include using toilet, commode, bedpan, urinal, catheter, transfers, cleaning self and managing clothing
   g. Personal Hygiene Combing hair, brushing teeth, washing face and hands, shaving

2. Bathing Include shower, sponge bath, tub bath

3. Locomotion 0 No assistive device 1 Cane 2 Walker/Crutch 3 Scooter 4 Wheelchair 5 Activity does not occur
   a. Indoor Locomotion
   b. Outdoor Locomotion

TOTAL ADLS (H 1, 2, 3) ________

Instrumental Activities of Daily Living (IADLs) – Code for functioning in everyday activities in the home

IADLs Self-Performance Code
Independent – did on own (I)
Some Help – Help some of the time (SH)
Full Help – Needs some help all the time (FH)
By Others – Always performed by others (BO)
Activity did not occur (NA)

   a. Meal Preparation Planning, cooking and set-up
   b. Ordinary Housework Dusting, making bed, laundry, tidying
   c. Managing Finances Pay bills, balance checkbook
   d. Managing Medications Remembering, correct doses, ointments, injections, opening containers
   e. Phone Use How made or received, finding numbers
   f. Shopping Food, household goods
   g. Transportation Medical and Social events

           Warwick, RI 02887-2010
APPENDIX C
Client Acuity

Enhanced Reimbursement: $1.00 per hour of Personal Care and Combination Personal Care and Homemaker Service provided to a client assessed as being high acuity by the agency Registered Nurse based on sections of the Minimum Data Set (MDS) for Home Care.

Qualifications: A client is considered high acuity if they receive a following minimum score by an agency Registered Nurse in one area:

a. “5” on Section B, Items 1, 2, and 3, OR
b. “16” on Section E, Item 1, OR
c. “8” on Section E, Items 2 and 3, OR
d. “36” on Section H, Items 1, 2, and 3

Or, if they receive the following minimum scores in two or more areas:

a. “3” on Section B, Items 1, 2, and 3
b. “8” on Section E, Item 1
c. “4” on Section E, Items 2 and 3
d. “18” on Section H, Items 1, 2, and 3

The agency must collect and submit this data to Gainwell Technologies for all Medical Assistance clients in order to receive the enhancement for those with high acuity.

How to Receive Enhancement: Submit the adapted MDS (enclosed) for all Medical Assistance clients directly to Gainwell Technologies. All adapted MDS will be scanned and kept on file. For the clients who meet the minimum criteria described above, a six-month authorization will be entered into the system upon receipt of the completed adapted MDS form. The MDS MOD Home Care Agency Form is also available online at http://www.eohhs.ri.gov/Portals/0/Uploads/Documents/mdsform.pdf. All MDS forms must be signed by an R.N., dated, and totaled for each section. The RI Executive Office of Health and Human Services will be responsible for the monitoring and oversight of this enhanced service.

Claims submitted for clients meeting the acuity standard should be billed at the correct amount with the modifier “U9”. Note: some claims may have two modifiers if the client meets the high acuity determination and the service is provided evenings, nights, weekends or holidays.

Necessary Forms: The adapted MDS for Home Care is required for all Medical Assistance clients in order for the enhanced reimbursement to be made on services for those of high acuity.

Monitoring Method: Gainwell Technologies will enter the necessary client information from the MDS forms into their claims system for those clients meeting minimum acuity standards. All MDS forms for all clients will be scanned and held on file. This will allow the enhanced payment to be made only on the appropriate claims. DHS clinical staff will review and monitor the MDS data and client assessments as necessary.
