Medicaid Comprehensive Accountable Entity Program
 AE Quality Measure Report
 AE Overall Quality Score Determination for TCOC Shared Savings for QPY4

Directions: Please complete the highlighted cells to determine the quality score performance for each AE. Complete one sheet for each AE contract.
 Please note that while the model automatically calculates statistically significant decline, the improvement score in column I only assesses whether QPY4 performance in column C is 0.1 percentage points greater than QPY2 performance in column M.

MCO Name: _____ 0
 AE Name: _____

AE Overall Quality Score Determination for TCOC Shared Savings for QPY4

Version Date	Changes
7/25/2019	Updated to reflect Weight Assessment and Counseling composite and updated SDOH Infrastructure Development target.
9/25/2019	Updated to require Screening for Clinical Depression & Follow-up Plan as P4R.
12/2/2019	Updated to reflect updated interim targets.
3/13/2020	Updated to add in upwards adjustment to quality multiplier applied to shared savings distribution.
8/6/2020	Updated to reflect QPY4 measures and measure status, revise interim threshold and achievement targets and assess improvement based on QPY2 performance, not QPY3 performance.
1/7/2021	Updated to revise threshold and achievement targets, modify the improvement calculation so that QPY4 performance must be 0.10 percentage points higher than QPY2 performance (no three-percentage point minimum) and no longer considers whether there is statistically significant decline over two years, and include the Overall Quality Score Adjustment for Shared Lossess Mitigation calculation.
2/3/2021	Updated the formulas so that the improvement score does not calculate prior to entering QPY4 performance and so that the Measure Score columns do not generate "FALSE" errors.
7/1/2021	Updated to include final threshold and achievement targets for OPY4, remove Child and Adolescent Well-Care Visit, specify that AEs only need to report performance for July 1, 2021 - December 31, 2021 for Screening for Clinical Depression & Follow-up Plan, include a note to clarify how the improvement score is calculated, add a cover page and individual tabs to submit performance for each AE.

DRAFT - Final templates to be provided to awarded Contractors.
