

Do you have both Medicare and Medicaid?

You can join

Neighborhood **INTEGRITY**

a program that makes it easier to get the services you need to stay healthy and live safely in your home.

Why should I join?

If you join, you will get your Medicaid, Medicare, and prescription drug benefits together through one plan. It includes all the covered benefits you get now, plus:

- No co-pays for prescription drugs
- A care manager to help coordinate your care
- One customer service number for all your questions and needs
- A Nurse Advice Line 24 hours per day/7 days per week

Will I have to pay more for this program?

No. In fact, you may pay less, since there are no premiums, deductibles or co-pays for doctor, hospital, prescription drugs and other medical services. However, you will continue to pay part of the cost for Long-Term Services and Supports, like home care or nursing home care, if you pay for them now.

Can I keep my doctors, home health aide, CNA and other providers?

Yes, if they are part of Neighborhood's network. Neighborhood has a large network of providers, including doctors, specialists, hospitals, labs, etc. To see if your providers are in the network, please call Neighborhood Member Services. If you are currently receiving Long-Term Services and Supports, like home care, equipment, or services at an Adult Day Center or nursing facility, you will continue to receive these services.

If I join Neighborhood INTEGRITY, can I change my mind later?

Yes, you can leave the plan at any time. Joining is voluntary.

For more information, call

- **The Enrollment Help Line**- for questions and help applying. 1-844-602-3469 (TTY 711); Monday-Friday, 8:30 am-6:00 pm
