

Rhode Island's Health Coverage Marketplace

HealthSource RI: Connecting You to Care

HealthSource RI (HSRI) is Rhode Island's official health coverage marketplace. We connect eligible Rhode Islanders to health plans that meet their needs and budget from top insurers, including Blue Cross & Blue Shield of Rhode Island and Neighborhood Health Plan of Rhode Island. We are the only source for getting financial assistance to lower monthly coverage costs – nearly 90% of HSRI customers currently receive financial help through tax credits. Many more even qualify for coverage at no cost through Medicaid because of our no-wrong-door policy.

Coverage for Every Stage of Life

Our Marketplace has served as a viable option for high quality coverage for Rhode Islanders who don't yet qualify for Medicare, are in between jobs, do not have an option to enroll through their employer, or have recently lost Medicaid coverage. We also offer dental coverage through BCBSRI Dental and Delta Dental of Rhode Island, as well as flexible health and dental insurance options for small businesses.

11%
to <3%

Since we opened our doors in 2013, we've cut the uninsured rate by two-thirds, from about 11% to less than 3%.

48,000+

HSRI currently serves more than 48,000 customers on the individual and family side, with another 8,700 enrolled in plans through our small business program.

183,000+

HealthSource RI has served nearly 183,000 Rhode Islanders since 2014.

Supporting Health and Well-Being Across RI

Protecting Rhode Islanders' ability to access the mental and physical health care services they need to live healthy, productive lives is at the heart of HealthSource RI's mission.

We are committed to ensuring that Rhode Islanders have a fair and reliable pathway to coverage – whether it's medical, dental, or both – so that people get the care they need. By strengthening access to health coverage, HSRI helps create healthier families, a stronger workforce, and a more resilient Rhode Island community. You can learn more at HealthSourceRI.com.
