Important information about a new health and drug plan that can improve how you get your Medicare and Medicaid Services

Dear <Name>:

The Rhode Island Medicaid Program is offering you a new health and drug plan that can make it easier for you to get health care services and prescription drugs under Medicare and Medicaid. The new health and drug plan is called Neighborhood INTEGRITY. It’s provided by Neighborhood Health Plan of Rhode Island.

You would get all of your services in one plan, including doctor and hospital visits, medicines, and long-term care services like home care and nursing home care. You will keep access to all the Medicare and Medicaid services you have now.

This new plan also offers services you may not be getting now:

- One customer service number for all your questions and needs,
- A care manager who can help coordinate your care,
- No copays for prescription drugs, and
- A Nurse Advice Line to call anytime day or night, 7 days a week.

See the enclosed flyer for more information.
