Provider Enrollment Application Fee

As of January 1, 2022, the application fee to enroll as a Medicaid provider is \$631.00

See more information regarding providers who may be subject to application fees [here](#).

New Temporary CPT Codes

The following CPT codes have been added to the Medicaid program temporarily. These would be effective 9/1/2021 - 3/31/2022.

99401- Preventive medicine counseling and/or risk factor reduction intervention(s) provided to an individual (separate procedure); approximately 15 minutes. Reimbursement is \$23.53

99402- Preventive medicine counseling and/or risk factor reduction intervention(s) provided to an individual (separate procedure); approximately 30 minutes. Reimbursement is \$38.80.

99403- Preventive medicine counseling and/or risk factor reduction intervention(s) provided to an individual (separate procedure); approximately 30 minutes. Reimbursement is \$53.46.

99404- Preventive medicine counseling and/or risk factor reduction intervention(s) provided to an individual (separate procedure); approximately 30 minutes. Reimbursement is \$67.91.

These CPT codes can be billed at only one visit for each beneficiary per day, but there are not quantity limits for the number of times this education can be provided to an individual beneficiary. Counseling may be provided in person, through live audio/video (telehealth) or telephonically. Additionally, this service can be billed by multiple providers and can be billed multiple times on different days.

Modifier 25-Significant, Separately Identifiable Evaluation and Management Service by the Same Physician or Other Qualified Health Care Professional on the Same Day of the Procedure or Other Service, should be used if billing in addition to an office visit or an evaluation and management visit.

Attention Nursing Home Providers

Reminder regarding fee-for-service (FFS) claims submission

All FFS Medicaid claims must be received within 365 days of the first date of service in order to be accepted for processing and payment. Claims that are submitted electronically and are past the timely filing guidelines will be denied with EOB 38 “Claim Past the Timely Filing Limitations”. A paper claim must be submitted to your Gainwell Provider Representative with proof of timely filing. Timely filing exceptions are listed below under Timely Filing Requirements. This would include as examples EOB 491 Gap in Billed Days, EOB 631 No Long Term Care on File, or EOB 916 RUG Cannot Be Determined.

During the Provider Escalation Project which ended in 2019, exceptions to timely filing rules were made. However, that project is now completed and the pre-existing rules governing claims submission will now be enforced.

In addition, some of the claims were put on suspense and were allowed to remain in suspense awaiting billing corrections. If the billing corrections are received, the claims will continue to process. However, there are still some claims in suspense that have older dates of service. Claims that have been on your remittance advice in suspense for over 60 days will now be allowed to process. In many of these cases, if billing corrections have not been made, the claims will be denied. You will see these denials reported on your future remittance advices.

Timely Filing Requirements

A claim for services provided to a Medicaid client, with no other health insurance, must be received by the States’ fiscal agent, Gainwell Technologies within 365 days of the date of service. If the claim is over a year old, then a list of the criteria to bypass timely filing is as follows:

- Retroactive client eligibility (within the previous 90 days)
- Retroactive provider enrollment (within the previous 90 days)
- Previous denial from Medicaid (other than a timely filing denial) within the previous 90 days
- Gainwell Technologies processing error within the previous 90 days
- Recoupment of a claim within the previous 90 days. Please note that recoupment of claims greater than 365 days are not allowed when a new claim will be submitted for increased reimbursement, unless there is a primary payer Explanation of Benefits (EOB) dated within 90 days
- If the client has other insurance and the claim is past the 365 day limit, then an exception will be allowed to process the claim if the other insurance EOB is within the past 90 days. The claim and supporting documentation to prove timely filing must be submitted on the appropriate paper claim form to your Provider Representative

(continued)

Attention Nursing Home Providers

Reminder regarding fee-for-service (FFS) claims submission (Continued)

Timely Filing Requirements (continued)

- Adjustments to a paid claim over a year old will be accepted up to 90 days from the remittance advice date that the original claim payment was posted. Adjustments for claims over one year old cannot be adjusted to pay at a higher amount than originally paid. Any qualifying adjustments that need to be processed can be sent to your Gainwell Provider Representative on a paper adjustment form found on the www.eohhs.ri.gov website.
- Prior Authorization or TPL updates within 90 days

Additional information along with links to the FFS Provider Manual and other claims processing information can be found at the following websites:

https://eohhs.ri.gov/sites/g/files/xkgbur226/files/Portals/0/Uploads/Documents/MA-Providers/MA-Reference-Guides/General-Guidelines/General_Guidelines.pdf

<https://eohhs.ri.gov/providers-partners/billing-and-claims/claims-processing>

For any questions, please call the Gainwell Customer Service Help Desk at 401-784-8100 or your Gainwell Provider Representative at 401-784-3805.

Policy Change for NEMT Nursing Home Discharges

Nursing Home discharge to home transportation is now a covered service under the out of plan nonemergency medical transportation (NEMT) benefit, administered through MTM, for Rhode Island Medicaid members. MTM will not transport a Nursing Home discharge, in any mode, that is from Medicare skilled stay.

For dual eligible members (beneficiaries with Medicare-Medicaid), MTM will provide non-emergency transportation for nursing home discharge to home, except for non-emergency **ambulance** transport. Please note Medicare covers non-emergency **ambulance** transportation when determined as medically necessary by a medical provider.

All existing guidelines pertaining to advance booking and level of need will apply to this transportation service. This coverage does not apply to members that are in a Medicare skilled status.

Transportation can be arranged by utilizing MTM's facility portal located at: <https://mtm-prod.revealservices.net/www/link/#!/login> or by calling 855-330-9131.

Attention Nursing Home Providers

There will be a new billing process for members that have been released from a hospital setting and **have not** been determined eligible for Long Term Support Services. This new billing process will replace the existing one in place today of sending emails with an attached spreadsheet to Mary Ellen Jenkins at OHHS for nursing home stays that are 30 days or less.

Per EOHHS rule 210-RICR-50-00-1.7, Medicaid Long-Term Services and Supports Overview and Eligibility Pathways, Qualifying for Medicaid LTSS, states that, “With the enactment of the federal Affordable Care Act of 2010, federal law requires that Medicare, commercial health insurers, and group health plans provide as part of the primary care essential benefit package up to thirty (30) days of subacute and rehabilitative care for persons who have had an acute care incident requiring services in a health institution. Medicaid is also required to provide this benefit. Both existing beneficiaries and new applicants must have established a continuing need for LTSS -- that is, for an institutional level of care -- to qualify for Medicaid LTSS once the thirty (30) days of essential benefit coverage is exhausted.”

Members who require *Hospice services* must continue to go through the Long-Term Care Eligibility process and have LTC approval for claims to process.

There will be an additional communication sent out with information on how to sign up for a webinar on how to bill for this service. It is strongly recommended that you attend a webinar, as this is a different billing process than what you are accustomed to.

Some of what will be included in the webinar trainings are listed below:

1. Clients must have active Medicaid Eligibility
2. This billing process is for nursing home stays for 30 days or less with no long term care approval
3. Clients may have more than one consecutive 30-day period of Nursing Home services but there must be a gap between the “To” Date of service on the last bill and “From” Date of service on the new bill
4. New procedure code for S9976 “Lodging, Per Diem, Not Otherwise Classified”
5. This needs to be submitted as an 837 Professional Claim or Professional Cross Over claim
6. Clients may have a Patient Share on file, but it *will not* be automatically deducted for the 30-Day Nursing Home Services unless it is reported on the claim by the provider
7. A RUG Score must be on file for the recipient
8. If a member has primary insurance the claim must be submitted to the primary coverage and then submitted with the EOB to Medicaid
9. Claims submitted for CSM-Demo and PACE will be denied for Other Insurance.
10. This processing will not include ‘Head on the Bed Logic’ to ensure a client can receive 30 consecutive days of Nursing Home Services.

Provider training webinars were delivered on October 13th and October 15th. The slides used for the presentation are located on the EOHHS website under [Nursing Home Stay 30 Days or Less \(ri.gov\)](#)

REMINDER FOR NURSING HOME

Stimulus funds should be treated the same as a tax refund/rebate by nursing homes. The rebate is not treated as income, or as a resource for a 12-month period, in determining an individual’s eligibility or assistance amount under any federally funded public program.

Providers to be Revalidated Fall 2021

The below listed provider types are included in the Fall/Winter 2021 enrollment revalidation. By now, these providers have received letters detailing the revalidation process. If your provider type is listed below and you have not received a letter, please contact the Customer Service Help Desk immediately at (401) 784-8100 for local and long-distance calls (800) 964-6211 for in-state toll calls or email riproviderservices@gainwelltechnologies.com

Dentist	CMHC/Rehab Option
Podiatrist	Habilitation Group Home
Optometrist	Severely Disabled Nursing Homecare
Optician	BHDDH Behavioral Health Group
Skilled Nursing	Department of Children Youth and Families
Licensed Therapist	Personal Care Aide/Assistant
Chiropractor	Other Therapies/Hippotherapy
Freestanding Dialysis	Comprehensive Lead Center
Rural Health Clinic	Home/Center Based Therapeutic Svcs
Indian Health Service	CEDARRS Center
Children's Behavioral Health Group	RItShare Copay Providers
Local Education Association	BHDDH DD Agencies
Early Intervention	Nurse Anesthetist
Substance Abuse Rehab	Licensed Dietician/Nutritionist

Provider Enrollment Revalidation Requirements

Effective September 1, 2021 all enrollment revalidation requirements were reinstated. Provider are expected to respond to revalidation requests. Enrollment revalidation is not optional. The Center for Medicare and Medicaid (CMS) mandates revalidation of all providers that continue to participate as a RI Medicaid provider. Failure to comply with the revalidation request within the 35- calendar day window will result in termination from the RI Medicaid Program as required by (CMS). Additional information and assistance with the revalidation process can be found by following the link below.

https://eohhs.ri.gov/sites/g/files/xkgbur226/files/2021-03/provider_revalidation.pdf

Substance Abuse Residential Treatment Code Update

Rhode Island Executive Office of Health & Human Services (EOHHS) requires that Managed Care Organizations (MCOs) and Rhode Island Medicaid providers adhere to the specifications outlined in the following table:

ASAM Level	ASAM Description	HCP C Code	Rev Code	Bill Type	Taxonomy Code	Notes
Level 3.1	Clinically Managed Low-intensity Residential Ser-	H0018	1003	86X	324500000x	Provider must bill both HCPC and Rev code
Level 3.3	Clinically Managed Population-specific High-intensity	H0010	1002	86X	324500000x	Provider must bill both HCPC and Rev code
Level 3.5	Clinically Managed High-Intensity Residential Ser-	H0010	1002	86X	324500000x	Provider must bill both HCPC and Rev code
Level 3.7	Medically Monitored Intensive Inpatient Services	H0011	1002	11x	324500000x	Provider must bill both HCPC and Rev code
Level 3.7-WM	Medically Monitored Inpatient Withdrawal Management	H0011	116, 126, 136, 146, 156	11x	324500000x	Provider must bill both HCPC and Rev code

MCOs and providers must begin engaging in the appropriate implementation processes, such that the aforementioned specifications will be effectuated for all claims with a *Date of Service* start date of **October 1, 2021**. Please ensure adequate provider education regarding claims billing is completed prior to the October 1st launch date.

Please contact your Medicaid MCO provider representative if you have further questions about this change.

Behavioral Health Rate Enhancement and Free Behavioral Health Training for Home Care Agencies

As of January 1, 2022, home health agencies (HHA) will be eligible to receive a Behavioral Health Rate Enhancement of \$0.39 per fifteen minutes of service for Personal Care (S5125), Combined Personal Care/Homemaker (S5125-UI), and Homemaker (S5130), provided that at least 30% of the HHA's direct care workers (i.e., Nursing Assistants and Homemakers) have completed a Behavioral Health Certificate Training Program.

Currently, Behavioral Health Certificate Training is offered by RI College. The 30-hour program can be tailored to meet the needs of HHAs and their staff. With sufficient notice and interest, RI College can offer classes online or in-person, at various times and days, and in English and Spanish. The training is provided at no cost with funding from the RI Department of Labor & Training's Real Jobs program.

The RI College Behavioral Health Training program will introduce entry-level frontline staff to behavioral health concepts, professional communication, common disorders, and a variety of contexts in which behavioral health vulnerabilities may occur. The program is customized to meet the needs of individual healthcare providers and the specific patient population that they serve.

Classes will be scheduled to meet demand, and enrollment will be on a first-come, first-served basis. For more information about the RI College Behavioral Health Certificate Training Program or to indicate your interest in Behavioral Health Certificate Training for your agency and staff, contact Tonya Glantz, PhD, at <mailto:tglantz@ric.edu>.

Assisted Living Facility Providers

The 2021 General Assembly authorized EOHHS to pursue a tiered payment system for Assisted Living Residences. Effective 11/1/21, the reimbursement for procedure code T2031 (Assisted Living, Waiver, Per Diem) has been increased to \$78.00 per day for your Basic/Core recipients (Tier A). This increase is for both RI Housing and Office of Healthy Aging (formerly DEA) Assisted Living programs.

Additionally, effective 11/1/21, Category F-eligible facilities should bill T2031 plus a "UB" modifier to receive \$113.00 per day for their Enhanced (Tier B) recipients. This list of recipients eligible for this enhanced rate will be shared through a provider report.

For any billing questions please contact Karen Murphy at (401) 784-8004 or karen.murphy3@gainwelltechnologies.com

COVID-19 Vaccine Administration Codes for Children

The COVID-19 vaccine has been approved for children ages 5-11 years old. The administration codes can be billed to Medicaid effective 11/2/21. The codes are In Plan for those recipients in a managed care plan. The codes and reimbursement are:

0071A Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 ages 5-11 first dose, reimbursed at \$40.00

0072A Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 ages 5-11 second dose, reimbursed at \$40.00

COVID-19 Vaccine Administration-3rd Dose

COVID-19 3rd dose administration codes have been approved effective August 1, 2021. Per CMS, the reimbursement will be the same as the existing Covid-19 vaccine administration codes which is \$41.63.

0003A -ADM SARSCOV2 30MCG/0.3ML 3rd
(Pfizer-Biontech Covid-19 Vaccine Administration – Third Dose)

0013A-ADM SARSCOV2 100MCG/0.5ML 3rd
(Moderna Covid-19 Vaccine Administration – Third Dose)

Prior Authorization Requirements To Be Reinstated October 1, 2021

Prior Authorizations for all services except behavioral healthcare previously extended to June 30, 2021 were extended through September 30, 2021. Effective October 1, 2021, prior authorization requirements were reinstated for all services except for behavioral healthcare services. Effective January 1, 2022, prior authorizations will be reinstated for behavioral healthcare services. For those services that require a prior authorization, providers will need to proactively ensure that members' services are authorized prior to providing them. To review the list of services that require prior authorization, please see <https://eohhs.ri.gov/providers-partners/billing-and-claims/prior-authorization>.

Should you have questions please contact the Customer Service Help Desk at (401) 784-8100 for local and long-distance calls (800) 964-6211 for in-state toll calls.

Attention DME Providers:

Effective 9/1/21, Rhode Island Medicaid Fee-for-Service will be activating coverage for HCPCS code A9274 - EXTERNAL AMBULATORY INSULIN DELIVERY SYSTEM, DISPOSABLE, EACH, INCLUDES ALL SUPPLIES AND ACCESSORIES. This code will require prior authorization and the maximum units per month is 20. Coverage Guidelines can be found here: [Coverage Guidelines For Durable Medical Equipment | Executive Office of Health and Human Services \(ri.gov\)](#)

HHS Announces Provider Relief Fund Reporting Update

The U.S. Department of Health and Human Services (HHS), through the Health Resources and Services Administration (HRSA), is issuing new reporting requirements and announcing that it will be amending the reporting timeline for the Provider Relief Fund Program (PRF) due to the recent passage of the Coronavirus Response and Relief Supplemental Appropriations Act.

These reporting requirements will apply to providers who received the Medicaid PRF funds. The reporting requirements released today do not apply to funds from: Nursing Home Infection Control, Rural Health Clinics Testing, and COVID-19 Claims Reimbursement to Health Care Providers and Facilities for Testing, Treatment and Vaccine Administration for the Uninsured recipients.

Additionally, PRF recipients may begin registering for gateway access to the Reporting Portal where they will ultimately submit their information in compliance with the new reporting requirements HHS is issuing.

Read the full **press release** [here \[hhs.gov\]](#) [[clicktime.symantec.com](#)].

Learn more about the **reporting requirements** and new portal [here \[hhs.gov\]](#)[[ktime.symantec.com](#)].

LTSS: MOVING THE OFFICE OF MEDICAL REVIEW (CLINICAL TEAM) FROM EOHHS TO DHS

The Executive Office of Health and Human Services (EOHHS) and DHS have together cared for our consumers on the State's Medicaid program. Specifically, EOHHS has been responsible for the clinical eligibility determinations for Medicaid Long Term Services and Supports (LTSS) through its Office of Medical Review (OMR) while DHS determines the financial eligibility for those applicants.

To create a more efficient process, we have moved all LTSS eligibility, both financial and clinical, to DHS. The Office of Medical Review, now called the DHS Clinical Team, will continue to be responsible for determination of LTSS clinical levels of care, Katie Beckett clinical eligibility, disability determinations by the Medical Assistance Review Team, and Pediatric Private Duty Nursing (PDN) assessments, authorizations and oversight. Regarding the latter, parents of children receiving PDN, as well as the agencies providing pediatric PDN, have been directly notified about this change. Relatedly, the two departments finalized a PDN Policy Guidance Document that puts into writing the current processes for the administration of PDN. This document will be available on the DHS website soon.

Pharmacy Spotlight

Treatment of Hepatitis C Prior Authorization Guidelines Effective: August 1, 2021

Introduction:

Hepatitis C has been identified as a significant etiology of chronic liver disease, associated comorbidities, liver cancer, need for transplantation and death. These guidelines document eligible beneficiaries and the information that must be submitted in order to determine a coverage determination. Modifications to the Preferred Drug List require approval by the Rhode Island Medicaid Pharmacy and Therapeutics Committee.

Detailed prescribing and drug warning information may be obtained at:

<http://www.fda.gov/Drugs/DrugSafety/ucm522932.htm>

Prior Authorization is required for medications not on the Preferred Drug List.

General Approval Criteria:

- A. Prescribers must be enrolled as a billing provider or an ordering, prescribing or referring (OPR) provider with Rhode Island Medicaid.
- B. Beneficiaries:
 - i. All patients with documented Hepatitis C Stages 0 through 4 are eligible for treatment.
- C. Required Documentation:
 - i. Prior Authorization is not required when prescribing Mavyret®.
 - ii. Prior Authorization is not required for prescribing Vosevi® when used as a salvage medication after prior treatment failure. See package insert for FDA approved indication, and prescribing information.
 - iii. Neither Mavyret® nor Vosevi® require genotyping.
 - iv. Treatment request for non-preferred medications require genotyping.
 - v. History of prior Hepatitis C treatment if relevant.

(continued)

Pharmacy Spotlight

Treatment of Hepatitis C Prior Authorization Guidelines Effective: August 1, 2021 (continued)

- vi Treatment plan which includes:
 - i. Medication name, dose and duration.
 - ii. Agreement to submit post treatment viral load data if requested.
- D. Treatment recommendations as of August 1, 2021:
 - i. Preferred agents: Mavyret® and Vosevi®.
 - ii. Non preferred agents: all other agents with exception of ribavirin;
 - i. Will be approved if patient is completing a cycle of therapy initiated prior to current policy implementation date, or
 - ii. Will be reviewed on a case by case basis. The Prior Authorization request must include clinical documentation of need for an alternative, non-preferred agent.
- E. Continuity of Treatment;
 - i. When transitioning between publicly funded delivery systems (i.e. between Fee for Service Medicaid and managed Care Medicaid, between managed Care Medicaid and Fee for Service Medicaid or between the Department of Corrections and the Medicaid Program) any medication approval by the prior delivery system will be honored for the portion of the treatment that remains after the transition.
- F. Policy Effective Date: August 1, 2021.
 - i. Above policy replaces all prior Hepatitis C policies including revision with implementation date of March 1, 2021.

Approved:

Jerry Fingerut, MD.

Date:

June 7, 2021

December 14, 2021

Prior Authorization Requests

Please **do not** fax prior authorization requests that contain more than 15 pages. If your request is over 15 pages please mail your requests to:

Gainwell Technologies
Prior Authorization Department
PO Box 2010
Warwick, RI 02887-2010

Physician Medical (PMI) Form: Update to Signatory Requirements

To improve access to Medicaid Long-Term Services and Supports (LTSS), EOHHS will now accept Physician Medical (PMI) Forms that are signed by the applicant's physician, PA, NP, as well as a registered nurse or discharge planner (who holds, at a minimum, a bachelor's degree in nursing or social work). PMI Forms are used for determining if an individual who is disabled or over 65 years old meets a Nursing Home needs-based level of care (LOC), and is therefore clinically eligible for Medicaid LTSS. To review the full policy, please visit our website

https://www.eohhs.ri.gov/sites/g/files/xkqbur226/files/2021-03/Medicaid-Policy_PMI-Signatory-Change_032221.pdf [clicktime.symantec.com]

Emailing for Technical Support

When sending an email to EDI (riediservices@dx.com) or your provider rep for assistance, it is important to include vital information so that we may best assist you. In your email please include your: name, phone number, user id, NPI and Trading Partner ID (if applicable).

If you are emailing about login issues, please include the platform you are trying to access (Healthcare Portal, PES, etc).

If you are getting an error message, please include a screenshot of the error, or let us know *exactly* what the error message says. Depending on the platform you are using, there are multiple reasons an error could kick back, so providing this specific information in your email will help us to best assess the root of the issue and how to solve it.

Below are screenshots of the most commonly used platforms that you may be logging into.

Attention: Physicians and Non-physician Practitioners

CPT Consultation Codes

Effective January 1, 2010, the Centers for Medicare and Medicaid eliminated the use of all consultation codes (inpatient and office/outpatient codes) for Medicare beneficiaries. Please refer to the MLN Matters number MM6740 Revised for complete information. However, existing policies and rules governing Medicare advantage or non-Medicare insurers were not revised.

RIMA has not revised their policy on the use of consultation codes. RIMA still requires the use of CPT Consultation codes (ranges 99241-99245 and 99251-99255). Some providers may have already or will receive notifications regarding recoupment when the consultation codes are not utilized.

NURSING HOMES, ASSISTED LIVING, AND HOSPICE PROVIDERS

Payment Delivery for Interim Payments

Due to the ongoing COVID-19 State of Emergency, Interim payments will continue to be automatically deposited into the bank account associated with your Gainwell Technologies MMIS account.

This will alleviate the need for in-person visits to the Gainwell Technologies office.

The next system payment will be deposited into the bank account directly, in line with the financial calendar on December 17, 2021.

Gainwell Technologies will securely mail the member information to providers detailing which client and date of service the payment is for.

We will continue to communicate with providers on any changes.

Long Term Supports and Services Cost of Care

Since the start of the COVID-19 public emergency, Medicaid has not permitted any increase in a client's cost of care (also known as "patient share"). The federal waiver prohibiting cost of care increases has ended in November, 2020.

All LTSS recipients are being reviewed for potential cost of care increases, effective January 1, 2021. Cost of care increases will **NOT** be retroactive.

Clients may have accrued assets over the \$4,000 limit due to the implementation of this policy change. DHS will review assets upon recertification. Recertifications will begin in the month following the end of the Federal Public Health Emergency (PHE). The PHE is extended through 2021, or with a 60-day notice of cancelation.

DME Providers—Enteral Nutrition Guidelines

The Enteral Nutrition Guidelines have been updated. Guidelines can be found [here](#) in the Enteral Nutrition and Total Parental Nutrition section of the provider manual.
